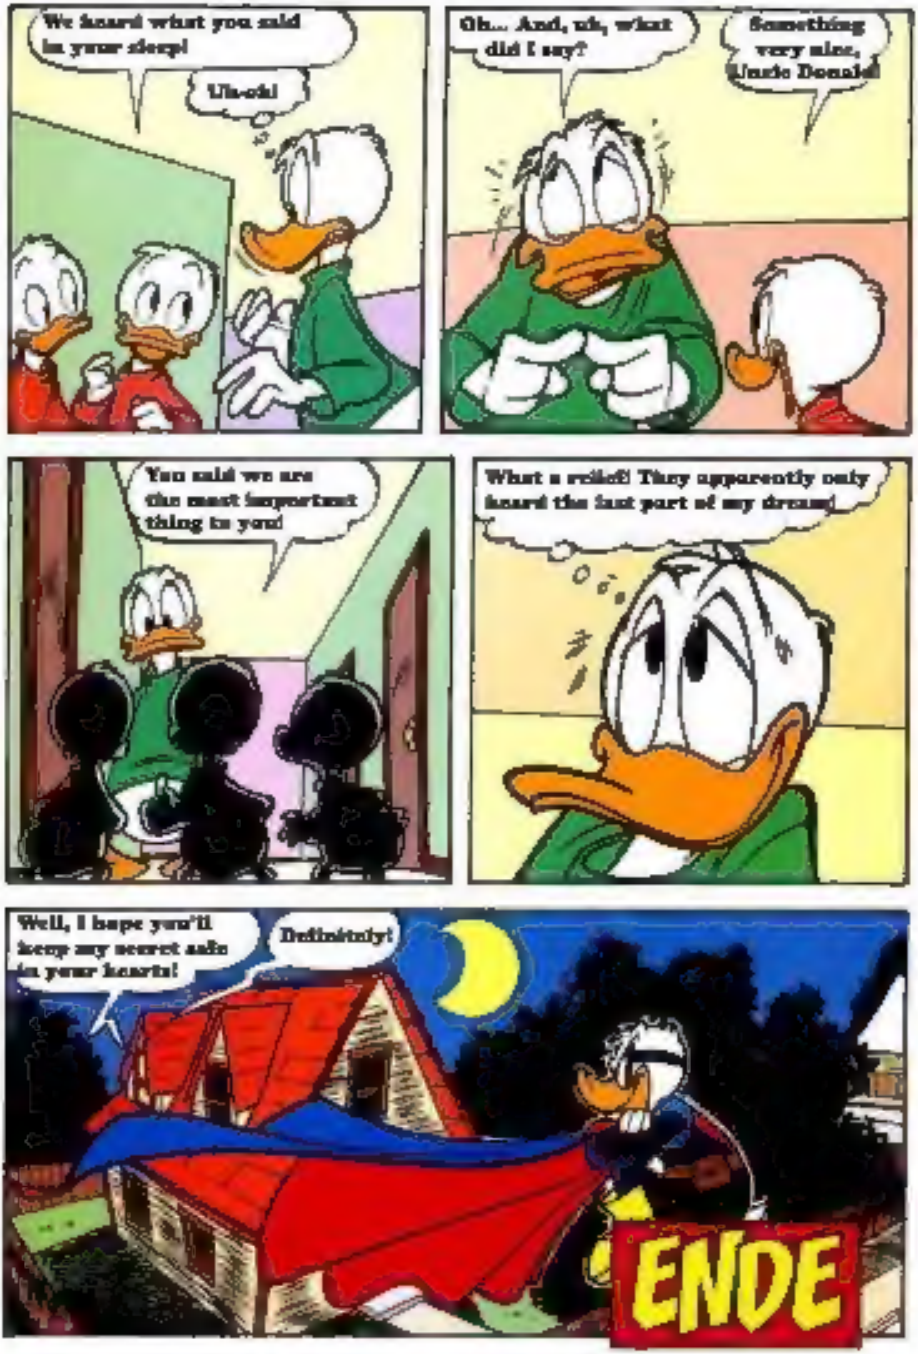
Actually we aren't coming with you, Uncle Donald
GLOS
Why not?
Because we don't want to cause problems again
We'll live with granny on her farm
You won't have to worry about your secret identity again then
Wait just a minute!
I can't just let you go!
You're the most important thing to me!

WAIT!
POFF
Phew it was just a dream
I need a glass of water after that scare
What? You?
What's got you grinning like that?
Easy!



We heard what you said in your sleep!
Uh-oh!
Oh... And, uh, what did I say?
Something very nice, Uncle Donald!
You said we are the most important thing to you!
What a relief! They apparently only heard the last part of my dream!
Well, I hope you'll keep my secret safe in your hearts!
Definitely!
